Installation Notes

Application

This pivoting group marker carrier has been developed for group marking of rail-mount terminal blocks and incorporates many customer requirements.

- Can be used in all multiprofile marker slots for rail-mount terminal bocks from 5 mm (0.197 inch) on or in spacer housings as shown above.

- Pivotable in seven different stable positions, providing the best visual angle in case of difficult mounting conditions

Subject to changes. Please also observe the further product documentation!
