Item description

Short description:

These power cables are an accessory for the WAGO I/O System Field.

Use them as flexible, flame-retardant and halogen-free supply cables for industrial mechanical engineering applications – particularly those with high requirements, e.g., for use in cable chains (drag chains) and moving machine parts.

- Strong resistance to microbes and hydrolysis
- Good to very good weather resistance (UV and ozone)
- High resistance against welding sparks
- Excellent chemical and oil resistance
- Silicon- and PVC-free
- Free from paint-wetting impairment substances
- Flexible at low temperatures

Data

Technical data

Connection type	M12 socket - Free end
Pole No.	5
Cable connection direction to mating direction	0°
Connector interface coding (cable/adapter) 1 1	L-coded

Data sheet | Item number: 756-3501/050-100

www.wago.com/756-3501_050-100

Cable length	10 m
Operating voltage	63 VDC per IEC 60664-1
Operating current	16 A
Rated surge voltage	1.5 kV per IEC 61076-2-111
Contact resistance	5 mΩ
Insulation resistance	1000 ΜΩ
Conductor resistance	≤13,7 Ω/km
