Data sheet | Item number: 890-275 Plug; 5-pole; 1,50 mm<sup>2</sup>; light green www.wago.com/890-275

#### Item description

- Protected against mismating and maintenance-free
- Push-in CAGE CLAMP® spring pressure connection technology allows solid conductors to be simply pushed into a unit.
- Low profile with 4.4 mm pole spacing
- Components can be clearly printed on and color-coded to meet custom requirements.
- When assembled, the installation connectors comply with IP40 and are suitable for easily accessible areas.

## Data Electrical data

# Note on contact resistance approx. $1 \text{ m}\Omega$ of contact resistance approx. $0.25 \text{ m}\Omega$ contact transition plug/socket

## Data sheet | Item number: 890-275 www.wago.com/890-275

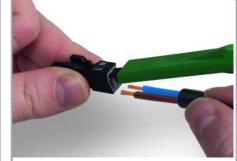

2. Strip length = 9 mm

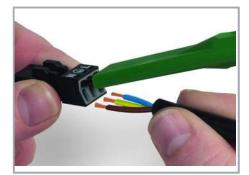

1. Strip length, outer insulation = 30 mm (2-To terminate fine-stranded conductors, pole), 37 mm (3-pole), 45 mm (4- and 5-pole) open the clamping unit via screwdriver - 2.5 mm blade width - and insert a stripped conductor until it hits the backstop. Terminate solid conductors by simply pushing them in.

To terminate fine-stranded conductors, open clamping units via operating tool (890-382) and insert stripped conductors until they hit backstop.

Terminate solid conductors by simply pushing them in.

3. Extended ground conductor = 8 mm

To terminate fine-stranded conductors, open clamping units via operating tool (890-383) and insert stripped conductors until they hit backstop.

Terminate solid conductors by simply pushing them in.

Installation

Subject to changes. Please also observe the further product documentation!

WAGO Corporation Germantown, WI 53022 Phone: 1-800-DIN-RAIL (346-7245) | Fax: (262) 255-6222 Email: info.us@wago.com | Web: www.wago.us

Do you have any questions about our products? We are always happy to take your call at {0}.

Latch the wired connector into the base of Push down stratter the strain relief housing.

Push down strain relief clamp by hand.

Push down strain relief clamp with 2.5 mm screwdriver alternately on both sides.

Latch the top of the strain relief housing.

The printed marking of the connector is clearly visible in the openings of the strain relief housing.

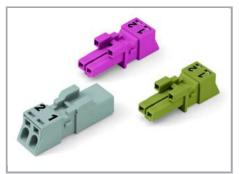

#### **Mismating protection**

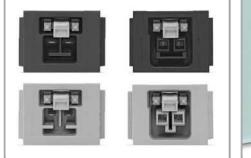

Subject to changes. Please also observe the further product documentation!

WAGO Corporation Germantown, WI 53022 Phone: 1-800-DIN-RAIL (346-7245) | Fax: (262) 255-6222 Email: info.us@wago.com | Web: www.wago.us Do you have any questions about our products? We are always happy to take your call at {0}.

## Data sheet | Item number: 890-275 www.wago.com/890-275

B-coded connectors (shown in gray) not only

differ in color, but also in their design, making them incompatible with other coded

connectors.

B-coded connectors with different colors can be plugged together.

#### Important note:

Different colors and/or pole markings are used for circuit identification. Only connectors of the same color and same pole marking must be plugged together.
