### Item description

### Cable assembly WINSTA® MINI with protection type IP20

Use effective pluggable connections instead of laborious screw connections: With the *WINSTA*® MINI cable assembly 2-pole. WAGO pluggable installation connectors can be used when criteria repeat or are planned on a specific grid, for example for installing grid lighting or flush-mount lighting. The coding options reduce installation errors, allowing fast, maintenance-free wiring of all components. B coding enables the *WINSTA*® MINI pluggable installation connectors to be used for control in applications in the domains of automation, mechanical engineering and robotics. *WINSTA*® MINI follows the trend towards miniaturisation. Our smallest pluggable connection system is very good for lights, for example, since due to LED technology, these offer significantly less space for the connection technology. Building safety must be ensured at all times, even after the electrical installation stage. The mandatory safety requirements in connection with EU CPR are met by this product through fire class E.

#### Fast, secure pluggable connections – cable assemblies from WAGO

The cable assembly is provided with a plug and a free end. The WINSTA® Pluggable Connection System is perfectly tailored to the very strict requirements of building installation. It makes electrical installation pluggable, and consequently more efficient, even more reliable, and error-free. Using this pre-assembled system decreases assembly times and errors during installation at the construction site. Enjoy the benefits of the pluggable version of our maintenance-free spring pressure connection technology too! Plan your installation with WINSTA® MINI pluggable installation connectors with protection type IP20 from WAGO.

- protection against mismating eliminates errors
- consistent IP40 protection
- for automation controllers
- flexible installation to save space
- convenient installation and commissioning

# Data Notes

Note

Cables with a different fire class can be found in the eShop.

| Variants: | Other pole markings  |
|-----------|--|
|           | Other versions (or variants) can be requested from WAGO Sales or |
|           | configured at https://configurator.wago.com/.                    |

### **Electrical data**

Note on contact resistance approx. 1 m $\Omega$  of contact resistance approx. 0.25 m $\Omega$  contact transition plug/socket

## **IEC Approvals**

| Ratings per                   | IEC/EN 60664-1  |
|-------------------------------|---|
| Rated voltage (III / 3)       | 250 V   |
| Rated impulse voltage (III/3) | 4 kV  |
| Rated current                 | 10 A  |
| Legend (ratings)              | (III / 3) ≙ Overvoltage category III / Pollution degree 3 |

## Ratings per UL

| Note for the US market | Some versions may also be used for current interruption in            |
|------------------------|---|
|                        | accordance with the UL certificate in select applications with        |
|                        | currents below 5 A and voltages up to 600 V. For further information, |
|                        | please contact your local sales office.                               |

## Connection data

| Total number of potentials | 2                         |
|----------------------------|---------------------------|
| Conductor preparation      | ultrasonically tip-bonded |

### Connection 1

| Strip length                    | 9 mm / 0.35 inch |
|---------------------------------|------------------|
| Number of poles                 | 2                |
| Sheathed cable diameter         | 5.9 7.5 mm       |
| Wire cross-section              | 1 mm²            |
| Strip length (outer insulation) | 32 mm            |
| Connection type                 | Plug - Free end  |

# Physical data

| Pin spacing  | 4.4 mm / 0.173 inch |
|--------------|---------------------|
| Total length | 5 m                 |

### Mechanical data

| Application                             | Control technology  |
|---|---|
| Coding                                  | В   |
| Variable coding                         | No  |
| Marking                                 | 12  |
| Potential Marking                       | 12  |
| Mating force of a plug-in connection    | approx. 20 70 N (depending on pole number)                |
| Retention force of a plug-in connection | when locked: > 80N  |
| Unmating force of a plug-in connection  | when unlocked: approx. 20 70 N (depending on pole number) |
| Number of mating cycles                 | 200, without resistive load                               |
| Connection type                         | Plug - free end   |
| Type of pre-assembled cable             | Connecting cable  |
| Cable type                              | Control line 2 x 1  |
| Protection type                         | IP20; IP40 when mated                                     |

# Plug-in connection

| Mismating protection          | Yes   |
|-------------------------------|---|
| Note on mismating protection  | All WINSTA® components are 100% protected against mismating |
|                               | when:   |
|                               | a.) plugging different numbers of poles                     |
|                               | b.) plugging while rotated 180                              |
|                               | c.) plugging while laterally staggered                      |
|                               | d.) plugging one pole                                       |
| Locking lever                 | Can be retrofitted  |
| Locking of plug-in connection | locking lever   |
|                               |   |

## Material data

| Note (material data)    | Information on material data can be found here |
|-------------------------|--|
| Color                   | pink   |
| Insulation material     | Polyamide (PA66)                               |
| Fire class per EN 50575 | E <sub>ca</sub>                                |
| Contact material        | Copper or copper alloy; surface-treated        |
| Fire load               | 0.101 MJ                                       |
|                         |  |
